MANY SLAIN AS RACES CLASH

Probe Of Masked Band Depredations Begun

STERN WARNING GIVEN BY JUDGE

Climax Reached in Long
Investigation Made
Of Kidnappings

SOLDIERS SERVE CIVIL OFFICIALS

Sheriff To Handle All
Papers of His Court Is
Announcement

(Associated Press.)
BASTROP, La., Jan. 5.—Hearing
of charges into masked band depredations
laid by Governor Parker at
the door of the Ku Klux Klan, looked
to as the climax of more than three
months by federal agents and state
investigators, was opened formally
before Judge Odom at ten o'clock.

Judge Odom immediately instructed
the sheriff to search for firearms every
person entering the courtroom
immediately after Judge Odom
concluded a statement outlining the
purpose of the investigation, the hear-
ing was adjourned until two o'clock.

J. L. Daniel, father of Watt Daniel,
and one of the men flogged by the
hooded band last August on the night
Watt Daniel disappeared with Thom-
as Richards, was one of the first men
to appear in court this morning. It
is believed he will be the first witness
put on the stand by the state.

Judge Odom made the following
statement from the bench after in-
structing the sheriff to take every
precaution to see that order was
maintained during the hearing:

"I want all those who desire to
come and attend these hearings and
all those who may be called as wit-
nesses to know that I am not going to
permit any interference with the or-
ders or processes of this court. There
must be no disorders in or about this
courtroom and there must be no tampering
with witnesses.

"I want the witnesses to feel free
to come here and testify and that in
doing so they will be afforded every
protection that the state of Louisiana
can throw about them. If it should
come to me that at any time during
this hearing, through information
that I think is reliable that any per-
son or groups of persons is attempt-
ing to frighten or intimidate or in-
terfere with my witnesses, either be-
fore or after they have testified, I
am going to have the persons ar-
rested and incarcerated at once.

"There is going to be an orderly,
dignified, judicial procedure. Every
facility that the court can possibly af-
ford is going to be extended to the
state's officers in this probe. Every
right thinking, law-abiding citizen of
the parish wants to see the slayers of
Watt Daniels and Thomas Richards
brought to justice and if there is pro-
cess of power by which this can be
done, it should have and I believe
has the hearty sanction of our best
citizens.

"It is contemplated that through-
out these proceedings that all the or-
ders and processes of the court shall
be executed by the sheriff. I have
never anticipated and do not now an-
ticipate the slightest disorder during
these proceedings, nor do I contem-
plate any interference with the offi-
cers in the discharge of their duties.

"There will in my opinion, arise no
situation with which the sheriff and
his deputies cannot cope. However,
troops of the national guard are
near and in order that the people may
be re-assured I will state that they
are subject to the orders of the
court and I shall not hesitate to call
them into action to protect citizens or
to aid the sheriff in the discharge of
his duties if any emergency should
arise.

"There is perfect understanding be-
tween the court and the military. The
military is at present in subordina-
tion to the civil powers and will do
nothing except to aid the civil authori-
ties, unless the Governor should de-
clare martial law. I feel warranted in
saying that as long as conditions re-
main normal as they now are, no ac-
tion will be taken by the Governor or
the Adjutant General."

Judge Odom ordered the Sheriff
to search all persons as they entered

COLONEL HARRIS THANKED BY THE HORACE KING CAMP FOR CHRISTMAS DINNER TO VETERANS

Left to right: Frank Howard, S. L. Cook, Wm. Newsome, Col. C. C. Harris, Capt. T. C. Sargent, David Brown, C. K. Lide, Alex. Humphrey, J. G. McAfee, C. J. Hildreth, Jas. W. Johnson, T. K. Boggs, who enjoyed Colonel Harris' luncheon at the Lyons, December 2.

The following card was issued today: "The old veterans of the Blue and Gray who so much enjoyed the get-together meeting arranged for by Col. C. C. Harris, and who so greatly enjoyed his hospitality at the Lyons Hotel on Thursday before Christmas, wish to extend to Col. Harris our heartfelt thanks, and to wish him continued and happy life, and a prosperous New Year. In behalf of all the war veterans who enjoyed the hospitality and courtesy of Col. Harris.

MEMBER LISTS IN CIVIC BODY ARE BEING CHECKED UP FRIDAY

Enough Workers Will Be Kept In Field To Con-
tinue Drive Until Tuesday

The business of checking over and
classifying the subscriptions for mem-
berships in the Albany-Decatur Cham-
ber of Commerce was busily proceed-
ing at the offices of J. W. Clopton,
this morning, where most of the com-
mitteemen have been turning in their
reports. A large number of names
were found in addition to those ap-
pearing in The Daily today.

It was announced that not until
Tuesday night, at the time of the regu-
lar meeting of the board of directors
of the Chamber, would there be any
let up in the efforts for the mem-
bership solicitors. Not so many are at
work today as on previous days, but
enough workers will be kept in the
field to take care of the situation, ac-
cording to Chairman Clopton.

Officials express satisfaction and

pleasure when informed that in his
inaugural address last night at the
Kiwanis club, the incoming President,
E. F. Baird gave hearty endorsement
to the new Albany-Decatur Chamber
of Commerce, saying that no better
evidence of the vitality and progres-
sive spirit of the community existed
than the way the people were taking
up memberships in the chamber of
commerce.

It developed that Mr. Baird was
not the only speaker at the Kiwanis
club meeting, who endorsed the one
civic body idea, a number speaking
informally of what a great step
forward it meant for the two cities to
unite for greater unity and for larger
opportunity.

TECHNICIAN WILL REACH HERE SOON

With the arrival of Miss Eldridge,
of Montgomery, tonight or tomorrow,
the technician who is to take charge
of the new Tennessee Valley Labora-
tory, now nearing completion, a pro-
gram will be carried out calculated to
thoroughly inform the people of this
section, as to the tasks that will be
undertaken in the new laboratory.

Dr. B. F. Austin, county health of-
ficer, whose resignation is expected
to be effective February 1, has ar-
ranged the program.

In the first place, he expects, with
the aid of Miss Eldridge, to so ar-
range the program.

In the first place, he expects, with
the aid of Miss Eldridge to so arrange
all the appliances, and apparatus,
that the general public can easily
understand what will be attempted.

The laboratory is to be quartered
in the same building with the Morgan
County Health unit, and as the
room available is not sufficient to ac-
commodate large crowds, Dr. Austin
plans to receive the people in sections,
so to speak.

He expects to invite first; those
who he has reason to believe, will
take enough interest in the health unit
and in the laboratory, to examine
everything carefully and report their
findings to their friends. Members
of the board of revenue, are expected
to visit the unit at the close of their
last session in this month. The mem-
bers of the courtroom, and a deputy
was stationed at each entrance for that
purpose. No person will be allowed
to stand during the proceedings.
Secret service agents of the federal
government occupied seats in the
courtroom amongst spectators.

COTTON MEETING SET FOR MEMPHIS

(Associated Press.)
WASHINGTON, Jan. 5.—An-
nouncement of a cotton conference at
Memphis early next month to consider
the use of calcium arsenate and other
means in fighting the boll weevil
was made today by Secretary Wall-
lace, of the department of agriculture,
through Senator Harris, Democrat,
of Georgia.

Senator Harris made public a let-
ter from Secretary Wallace, detail-
ing plans for the meeting, which is
to be attended by agriculture exten-
sion agents of the department and
Southern states experiment station di-
rectors and leading cotton planters of
the South.

Secretary Wallace said a great deal
of calcium arsenate had been wasted
last year in experiments, which, how-
ever, had given satisfactory results
when properly applied.

"The department is not satisfied
that everything has been learned
about it that can be," said Secretary
Wallace, "and I am preparing to car-
ry on extensive investigations in the
coastal plains states."

Members of the various women's clubs
will receive a special invitation, mem-
bers of the Kiwanis club and other lo-
cal organizations, will be given spe-
cial invitations to visit the laboratory
and health unit.

Dr. Austin said that while all sec-
tions of the Tennessee Valley would
have access to the laboratory through
their physicians, that naturally as the
unit and laboratory were in Morgan,
the people of this county would be
expected to get large benefit from
the tests and experiments made.

IRON CLAD HOSIERY KNOWN NATION OVER

(St. Joseph Herald-Press.)

In the year 1878, upon the sandy
wastes of what now forms an im-
portant section of St. Joseph, S. T.
Cooper and Sons, established a mill
for the manufacture of woolen goods.
The capacity of the plant, a frame
structure, was sufficient for the em-
ployment of 50 people.

Thus is told the story of the birth
of Cooper, Wells Company, ranked
today as one of St. Joseph's largest
industries and known the nation over
for its hosiery that bears the trade-
mark "Iron Clad."

Founder a Retired Pastor.

S. T. Cooper was a retired Metho-
dist minister, who for many years
lived in the building on Broad street
known recently as the Vendome ho-
tel. His son, W. W. Cooper, was
treasurer and manager of the con-
cern for a number of years. Later,
when capital was needed, the late A.
W. Wells, one of St. Joseph's most
prominent pioneer residents was taken
into the business, and on January
5, 1889, the corporation today known
as Cooper, Wells company was
formed with a capital stock of \$125-
000, of which amount \$86,000 was
paid in. On September 23, 1893, the
original capital was increased to
\$250,000. This was again increased
to \$500,000 in February, 1914.

Wiped Out by Fire.

The company suffered a temporary
set-back, when, on February 25, 1903,
fire practically destroyed the entire
plant, a two-story frame structure,
throwing many persons out of em-
ployment. Hindered, but not discour-
aged by this misfortune, the manage-
ment proceeded at once to the erec-
tion of a new plant. The first unit,
known as the main building construct-
ed of brick and 3 stories high, was
completed and ready for business on
August 10, of that same year—less
than six months after the disastrous
conflagration. Since that time the ca-
pacity of the plant has been increased
by the erection of three additional
buildings.

After the business was established
in its new quarters and the most
modern equipment installed, and as
the result of national advertising, the
business showed a steady increase. In
the year 1909, the total annual sales
reached \$1,000,000 for the first time.

A. W. Wells, who was elected presi-
dent of the company in 1889, holding
that position until his death in 1912,
was the guiding spirit and financial
power of the concern. For several
years previous to his death, he be-
gan to turn responsibilities of the
business over to his son, J. O. Wells,
who inherited the control of the cor-
poration following the demise of his
father.

The Clubrooms

DISTRICT MEET IS CLUB'S PLAN

Many Favor Calling A
Conference Of All
Valley Kiwanis

Discussion of an inter-city meet-
ing here in February featured the
meeting of the Morgan Kiwanis club
last night, following the regular in-
stallation of officers.

It was planned to have Kiwanians
of Athens, Cullman, Sheffield and
Huntsville in the Twin Cities for
one or more sessions some time during
next month. A number of the members
spoke in favor of making the effort
for the proposed meeting, and it is
expected that a committee will be
named later to look further into the
matter. It was learned that in case
such a meeting was held, that in all
probability the District President of
Kiwanians, who is now in Florida,
would attend.

The meeting last night was called
to order by the retiring president, J.
H. Calvin, following the dinner served
by the ladies of the First Presby-
terian church of Decatur.

Mr. Calvin stated that he un-
derstood that only one regular installa-
tion exercise would be gone through
with, and that he would ask Dr.
James A. Duncan to install the new-
ly elected President, E. F. Baird.

Dr. Duncan spoke at some length
and related one or two excellent an-
ecdotes illustrating the predicament
the speaker was in and the position
incoming President would occupy.

On taking the chair, Mr. Baird,
pledged his full efforts to the work
of the club in so far as he was able
and asked his fellow club members
to look over any mistakes he might
make as of the head, but not of the
heart.

The installation of the several other
officers was dispensed with.

The new secretary, as named by the
board of directors, is Marvin Rankin,
the Treasurer is J. C. White. The
First Vice President is W. W. Fussell
and the Second Vice President is J.
F. Lovin.

The board of directors consists of
the officers, the newly elected Trust-
ee, E. W. Godbey, and the following
other members, T. M. Dix, C. J. Ran-
dolph, Clyde Hendrix, C. W. Mat-
thews and E. J. Polhill.

Very interesting and instructive
was the report as read by retiring
Secretary, Paul Morrison.

The statement read by Mr. Morri-
son covered the activities of the club
during the past twelve months and
was listened to with rapt attention.

The Masonic Theatre entertained
the club at a picture program follow-
ing the meeting.

The attention of the membership
was called to the active zeal manifest-
ed by Mr. Calvin, the retiring presi-
dent during the past year, by a num-
ber of speakers, his ability as an ex-
ecutive and his loyal and progressive
spirit being commented upon in the
highest terms.

VILLAGE BURNED FOLLOWING RAID

DAYBREAK FINDS STREET FIGHTING

Fleeing Blacks Killed
As Flames Light Up
Village Streets

(Associated Press.)
OTTER, Fla., Jan. 5.—Mingo
Williams was found dead on the
highway near Bronson, later in
the day. An unidentified Negro
woman was found dead after the
fire.

(Associated Press.)

OTTER CREEK, Fla., Jan. 5.—Two
white men, two negro women and one
negro man are known to be dead,
while it is believed there are many
other casualties as the result of race
trouble last night and early today at
Rosewood, twelve miles from here.

With the exception of three build-
ings the entire village of Rosewood
was burned by a mob shortly after
daybreak. A posse went to Rosewood
last night to investigate reports that
two negroes, sought in connection
with an attack on a white woman at
Sumner Monday were concealed in a
house there.

Upon the approach of the posse the
negroes, without warning, opened fire,
killing outright two persons and
wounding four, one of them fatally.
It later developed that 20 heavily
armed negroes were in the house and
citizens immediately surrounded it
and opened fire.

The firing was kept up until four
o'clock this morning, at which time
ammunition was exhausted and the
posse retired temporarily to prepare
themselves for renewed attack. This
gave most of the negroes an oppor-
tunity to escape.

At daybreak, when the house was
stormed, two negro women and one
negro man were found in the house,
with the walls literally torn to pieces
by the fire of the posse. Bloodstains
indicated that many of those who es-
caped were wounded. The posse im-
mediately gave chase to those who es-
caped.

The mob then began firing the
buildings in the village and every
structure except the grocery store,
the residence of the grocer and the
residence of another white man was
destroyed.

While the village was in flames the
mob fired on negroes fleeing from
their homes. The result has not been
ascertained. The white dead are:
Henry Andrews, superintendent of the
Sumner Lumber company sawmill
and Boly Wilkerson, of Sumner.

Sheriff Discovers A Theft of Goods

The Factory Outlet Store, located
on East Moulton street near Second
avenue which was locked up about 30
days ago by order of the court, and
inventory taken at the time, amount-
ing to several hundred dollars, has
since been burglarized, and much of
the merchandise taken off, it was de-
clared today by Sheriff J. V. May.

Sheriff May and his deputy had oc-
casion to go there for some investi-
gation today, and discovered that
thieves had entered through the rear
door, to basement, and cut the eleva-
tor ropes making an opening through
which it was possible to enter to the
upstairs part of the building where the
merchandise was stored, he said.
There is absolutely no clue to the rob-
bers so far, said the Sheriff, who was
greatly surprised when he opened the
front door of the building and dis-
covered that practically all the mer-
chandise was missing, with the ex-
ception of perhaps about \$50.00
worth of goods.

WE FAVOR ACCEPTANCE OF HENRY FORD'S BID FOR MUSCLE SHOALS.

GET IN THE GAME; PLAY THE GAME.

The Chamber of Commerce as now organized has made wonderful strides. It is a worthy successor of the civic organizations that have gone before it. Its promoters and well wishers desire to retain all the good and sterling qualities of the promoters of other similar organizations.

It may be true that many results we have hoped for in the past as a result of have not been accomplished, but some things have been accomplished—some progress has been made. And on the other hand we can never tell but what we might have taken many steps backward in the past had it not been for the influence of our civic organizations. If we have lived in the day of small things, still they might have been smaller—and we are taught never "to despise the day of small things." It has been felt for a long time, by a few, and in more recent times by the many, that the time is now at hand when large things should be attempted, in a large way. The feeling is growing that we should get in the game, so to speak, and get in good and strong. As one of the speakers at the recent meeting held for putting a company of workers in the field for the purpose of increasing the membership of the Albany-Decatur Chamber of Commerce "we are not engaged in any child's play"; the feeling is general that we must become sold to large ideas as a community of people or forfeit much and lose much.

Among all peoples, so these of Albany and Decatur are included—the only way to get together is upon some task, upon some good and important job of work. Just in proportion as all hands get busy, regardless of where they live or what they do for a livelihood, in the very same proportion will "unity be put into this community".

These two communities can be brought into close unity and true fellowship only as they pursue some common destiny. When we all realize that we must fight, unemployment, possible poverty, and a general shrinkage of business all over, and get busy working hand in glove together, then indeed it will be unthinkable that anything short of complete harmony and concord to prevail.

AN EXPERIMENT IN ALTRUISM WHICH WILL BE WORTH WATCHING.

The New Jersey manufacturer who gave his factory to his employees, with \$250,000 fund for working capital, has set an example which few manufacturers are likely to follow. The New Jersey man, Henry Dix, believes he has done the right thing and says he hopes other manufacturers will follow his plan.

This is believed to be the first time such an experiment in practical communism has been made and its success or failure will be awaited by manufacturers and workers with more than ordinary interest.

Just what conditions Mr. Dix has laid down for his employees is not stated. Doubtless some provision has been made for the return of the proper-

ty to him in case of failure. The dispatch telling of the action of the New Jersey man makes it appear that he has made an out-and-out gift of his business to the men and women working in the plant.

If it should become a custom to thus turn one's business to employees, some strange situations might reasonably be expected to arise. Perhaps he donor, in the course of years, would find himself in need of employment. Would he care to go to work in the plant he had given away? Would he beneficiaries of his munificence give him a high salaried position, merely because he once was he boss? That might tend to destroy the forces of the motive which prompts the giving away of a business.

The chief interest in such an experiment will, of course, be in the demonstration of the ability of the employees of a business to conduct it successfully. The average manufacturer will have grave doubts about this feature, for where there are so many interested, and all are employers, or at least financially interested to the extent of their daily labor, it may be difficult to conduct the business to suit all. Would one or two men be given the power to direct the business? And would they not become "bosses" and ultimately dictators, thus destroying the altruistic effect of the experiment?

Mr. Dix appears to have started something which will puzzle the brains of many to figure out. His action will have the approval of workers, doubtless, but it may be a long time until the employers take to it. Anyhow, the public can wait and watch, and in the end have the satisfaction of saying "I told you so," or "It is just as I expected."

—Anniston Star.

A companion is a rare gift, therefore companionship is one of the most to be desired things one can claim. How smooth, thorny and rough paths are made to appear if there be a real companion along the way to assist over the rough and troubled ways, and whisper in the ears words of comfort and of cheer, making the tedious and tiresome journey over life's rough ways bearable. The contrary is true, if there be not one or some whom one can claim as real companions, to whom they may go in these periods of depression or when rough journeys are to be undertaken. They are as an oasis in the desert, a shadow of a great rock in a weary land.

Nagging is one of the very worst forms of demeanor, and has no effect whatever in correcting some of the things which we desire to correct in others. A gentle word spoken, a kind and sympathetic look, a whispered word when the hill is steepest, these are the things which make the burden lighter, and cause a rift in the dark cloud of dependency which may overhang. Nagging is a species of torture, adds fuel to the flame, and is absolutely worthless as a correcting remedy.

The standpoint of busy people is bad enough, heaven knows, but the sit-point of the lazy beggars description. Amen.

Most people read paragraphs to find out how many they can describe as "punk," and they are seldom or never disappointed.

The trouble about wage-standards is that what would be a comfortable living for some would be only a flivving wage for others.

It is a dollar to the hole in a dough-nut, that there are more people worrying over it being the first of the month, than over it being the first of the year.

Death used to be represented as walking and carrying a scythe; now he rides in an automobile, and don't need any scythe.

Only 360 more days left in 1923, to do whatever you are aiming to do.

Let us make it unanimous as to optimism for the rest of the New Year.

maintain the best equipment that could be purchased, and whenever new machinery could be obtained that was an improvement over the old, the old has been junked and the new installed. As a result the output of the factory has been the best that modern machinery could produce, and the thousands of retail customers all over the country have learned to respect the quality of the goods put out by the Cooper, Wells Company. As evidence of this, the sales for 1922 amounted to \$3,500,000. The company has an annual payroll of \$400,000, employing 550 people at the St. Joseph plant, and also a sales force of 40 men. The present capitalization amounts to \$1,000,000.

In addition to this, they have established another plant at Albany, Ala., which employs 75 people. This branch factory was started about 18 months ago. It is using rented quarters at the present time, but negotiations are now under way for the purchase of a site, and architects are working on the plans for a new plant to be erected in Alabama, which will have a capacity of 1,000 pairs of stockings daily. The annual output of both plants is 600,000 pairs of cotton, wool and silk hosiery.

Dormitory Is Feature.

The company takes pride in the new dormitory which was recently erected at a cost of \$75,000 for the benefit of employees. Rooms are furnished for about 50 girls, at the cost of \$1.50 a week if one occupies the room alone; for two in a room, the cost is \$1.00 each. This dormitory has also a modern cafeteria at which any of the employees of the corporation can secure meals at cost. CHIROPRACTIC

HEALTH TALK No. 2
M. B. Wooton, D. C.

"What can Chiropactic do for me?" is a question asked us daily. We never attempt to give an answer without first making a careful examination of the spine to determine whether nerve pressure is causing the sickness. If we find this nerve pressure—the CAUSE of the trouble—then we advise Chiropactic Adjustments. "Do you think you can get me well?" is the next question asked. We say there is within the body, when supplied with food, everything necessary to enable the body to maintain perfect health. The trouble is that some part of the human machine is not working as it should, because it is not receiving its share of operative power. This power is NERVE FORCE, and it should be delivered to all parts of the body by the nerves. Chiropactic Adjustments get sick people well by making it possible for the nerves to do their share of work imposed upon them. We simply release the pressure which is shutting off the full flow of nerve current to the part of your body affected. This removes the CAUSE of your trouble, and everyone knows that once the cause of sickness is corrected, health will follow.

We want the opportunity of answering YOUR questions, that you may understand WHY Chiropactic is the better way to health. Consultation is free.

CHANGE OF LIFE

Florida Lady Was in a Miserable Condition, But Says She Found Cardui Helpful, and Got Well.

Alma Fla., in explaining how she found Cardui so helpful during change of life, Mrs. Ella M. Bailey, of Route 2, this place, said:

"I became so weakened it was an effort for me to get around. I knew what was the matter, but I felt like I couldn't give up. I just dragged, and I certainly was nervous. I was so restless I could not sit down long—yet so weak I couldn't get about. It is a most miserable and such a helpless feeling."

"I would get depressed and out of heart. I began to feel, after awhile, there was no use to try to get well. This is all wrong, for it makes a person worse."

"I had heard of Cardui, and thought it might strengthen me. A neighbor had used it with good results."

"I took one bottle (of Cardui), then I saw I wasn't so nervous, so kept it up. Gradually the nervousness left me. I began to eat and sleep better. Was soon well, and all right. Cardui did wonders for me, and I certainly do recommend it."

Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others.

SILVER WEDDING ANNIVERSARY.

Mr. and Mrs. G. J. Widner entertained a few of their friends on New Years day at their home, Sunny-Side cottage, the occasion being their Silver wedding. The Christmas spirit was carried out in the decorations of bells and holly wreaths. Covers were laid for eleven at a beautiful appointed table glimmering in silver and cut glass, and centered by a lovely cake bearing twenty five candles. Those present were Rev. and Mrs. Kerr, little son Robert, Jr., Mr. and Mrs. G. J. Widner, Mr. and Mrs. P. H. Sandlin and little Master P. H. Sandlin, Jr., Misses Dale, Gazelle Wallace and Pearl Widner.

MEETING OF CLASS OF 1921.

The class of 1921 was called together on New Years night at the home of Thelma Chenault by the president of the class, Elton Johnson to discuss an important question that had come up before the class. Although all the members were not present, there was a goodly number.

Under Mrs. Chenault's kindly supervision many amusing contests were tried. Rook, dominoes and music were other features of the evening.

The Chenault home was lovely in Christmas decorations. After a time of fun, the class was called into convalesce. The business being attended to Mrs. Chenault with her gracious hospitality invited her guests into the spacious dining room where delightful refreshments were served.

Those present were, Mary Gargus, Thelma Chenault, Pearl Widner, Mary Wiggins, Elton Johnson, Harvey Bradshaw, Leonard Evans, others being guests of the class were Joe Matthews, Mrs. Stalls, Eva Gargus.

D. A. R.

A very interesting program was carried out at the D. A. R. meeting yesterday afternoon with Mrs. W. C. Bailey, hostess. This years study is devoted to facts about the women of the Revolutionary period and each meeting has been well attended, probably due to the splendid papers being read about these interesting characters.

Mrs. R. G. Cortner had "Polly Tumble" as her subject for this meeting and "Molly Stark" was discussed by Mrs. O. B. Cartwright. Miss Helen Bynum, of Courtland, was admitted to the Chapter it was announced yesterday.

A social hour and refreshments were indulged in after the program.

ENTRE NOUS.

Mrs. John McGehee was hostess to the Entre Nous last night, only club members were present and among these T. M. Jones made high score and received the club prize, a deck of cards.

A chicken salad course was served late in the evening.

Mrs. A. W. Sharpley is with her sister, Mrs. C. H. Murphy, who is ill at her home in Montgomery.

Miss Jane Knight will return Sunday to Agnes Scott College to resume her senior work.

MARRIED LADIES BRIDGE CLUB.

The Married Ladies Bridge Club met this week with Mrs. B. Crawford with the following visitors present, Mrs. J. W. Cunningham and Mrs. William Watson of Pineapple, the latter winning the guest trophy. Mrs. F. D. Peebles was awarded the club prize.

George Harvey will leave Sunday to resume studies at Webb School.

The Friday Thirteen is meeting this afternoon with Mrs. A. A. Hardage.

Mrs. Lee Huddleston is improving after having her tonsils removed on Wednesday.

No more Rheumatism

"Suffering has gone from your face, mother!"

S. S. S. Is the Great Builder of Red Blood-Cells and Rheumatism Must Go! Just Try It!

"Rheumatism? Me? No, indeed, it's all gone, every bit of it! It's sunshine and joy for me now for the first time in years. I feel a wonderful glow again in the free motion I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I bend my way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you." There is a reason why S. S. S. will help you. When you increase the number of your red-blood cells, the entire system undergoes a beneficial change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood-cleaner, blood-builder, system strengthener, nerve invigorator. It stops skin eruptions, too, pimples, black-heads, acne, boils, eczema. It builds up run down, tired men and women, beautiful complexion, makes the flesh firmer. Start S. S. S. today. It is sold at all drug stores in two sizes. The larger size bottle is the more economical.

ORDER OF PUBLICATION.

ROSENTHAL-SLOAN, MILLINERY

CO. vs GEORGE J. FREIDKIN

ET AL CIRCUIT COURT, MORGAN

COUNTY, ALABAMA, IN EQUITY.

In this cause, it appears to the Register from the affidavits of Solicitor for Complainant, that the defendant Harry Sherry is a non-resident of Alabama, over the age of 21 years, and resides in Washington, D. C. and that his street or other address is unknown. It is therefore ordered by the Register that publication be made once a week for four consecutive weeks in the Albany-Decatur Daily, a newspaper published in Morgan County, requiring said defendant to plead, answer or demur to the bill in this cause by January 29, 1923, or in thirty days thereafter a decree pro confesso may be taken against him.

This December 29, 1922.

Valier's Dainty Flour is slowly milled by a special process from the very best of soft winter wheat. You can always depend on Dainty. Its high quality never varies.

Naturally, it costs us more to make such fine flour. So we must ask you to pay a little more for it than for ordinary flour. The difference goes into quality that assures you finer baking, and with less lard.

CONTRACTOR ARRIVES TO BEGIN WORK
AT ONCE ON DECATUR'S HIGH SCHOOL

—Courtesy of Age-Herald.

All Labor and Material That Can Be Obtained Here Will Be Bought Here,
Horace Lanier Declares

Active plans were set in motion this morning for the erection of the Decatur high school building to be located on Pond street, near the bluffs of the Tennessee river, when the contractor, Horace Lanier, of West Point, Ga., came here accompanied with a corps of engineers. An office is now in course of erection near the site of the new building, and it will be in charge of Al Nations, according to E. W. Beck, one of the engineers who came with Mr. Lanier.

Mr. Beck will be the engineer in active charge of the construction work and stated that he would be in and out of the Twin Cities from now until his work was completed here.

Will Buy and Hire Here.

Horace Lanier, president of the big West Point concern, that is to complete the high school building, stated on leaving of his home today: "I was here to start the job, a crew of working men will start at once; we will buy everything we need right here in these Twin Cities. I am of a small sized city myself, and I fully appreciate the desirability and wisdom of trading at home. We have already

bought about 750,000 brick from the Decatur Brick Corporation. We will get everything we can right up and down these streets. We will hire all our labor here, bringing none except the superintendent and the office men."

Mr. Lanier to make sure he started in right took a years subscription to The Albany-Decatur Daily. He said he was heartily in favor of the work of civic bodies and it developed he was active in the organization of the Rotary Club at West Point. Besides being President of the West Point Construction Company.

Mr. Lanier is also President of the Opelika Construction Company and of the La Grange, Ga., Construction Company. The business was founded by the father of Mr. Lanier, E. F. Lanier, a second cousin of the famous Southern poet, Sydney Lanier, who lived at Macon, Ga. In speaking of the site selected for the high school building, Mr. Beck, the engineer said: "It is an ideal location, and the building will show up to a fine advantage. The athletic field surrounding it, especially took my

Requirements of Revenue Act of '21
Are Explained by Federal Official

Collectors of Internal Revenue today are mailing to taxpayers who made similar returns for the year 1921 Form 101A for filing individual returns of net income of \$5,000 or less for the year 1922. The form is six pages, two of which provide for the return proper; and two for making a duplicate of the return. Two pages are devoted to instructions. The duplicate and the instruction pages should be detached and mailed to the collector for the district in which the taxpayer lives or has his principal place of business. Form 1040 for filing returns of net income in excess of \$5,000 soon will be issued, and mailed to taxpayers who filed similar returns for 1921. The filing period is from January 1 to March 15, 1923.

To avoid errors which may result to their disadvantage, taxpayers are advised by the Bureau of Internal Revenue to study carefully the instruction on forms, especially those with regard to credits for personal exemptions and dependents. Married persons required to make a return on Form 1040A—those whose net income was \$5,000 or less—are allowed an exemption of \$2,500. The exemption for married persons whose net income was in excess of \$5,000 is \$2,000.

The exemption for single persons is allowed a credit of \$400 for each person dependent upon him for chief support, if such person is under eighteen years of age or incapable of self support because mentally or physically defective.

It should be remembered that the requirement to file a return is placed upon every married person whose net income for 1922 was \$2,000 or more or whose gross income was \$5,000 or more, and upon every single person whose net income was \$1,000 or more, or whose gross income was \$5,000 or more. The fact that by reason of the exemptions and credits, a person's income is not taxable, does not nullify the requirement to file a return if the income equals or exceeds these specified amounts. Net income, upon which the tax is assessed, is gross income less certain deductions for business expenses, bad debts, losses, contributions, etc., provision for which is made on the forms.

A head of a family—"a person who actually supports and maintains in one household one or more individuals who are closely connected with him by blood relationship, relationship by marriage or by adoption" is allowed the same exemption as a married person.

In returns of married persons must be included the net income of both

STOCKHOLDERS MEETING.

The annual meeting of the stockholders of the Decatur Box and Basket Co., will be held at the Morgan County National Bank, Albany, Ala., Thursday, January 11th, 1923, at 7:30 o'clock p. m. for the election of directors for the ensuing year and such other business that may come before them.

Moulton Heights
Beaten by Albany

Albany Hi again went on the war-path yesterday, when the basket ball team swamped Moulton Heights to the tune of 58-1. Pepper was the star for Albany. He shot most of points from various and almost impossible positions. The passwork of both the teams was almost perfect.

Yesterday's line-up was: Hobart, center; Batten and Pepper, forwards; Nebbrig and (Capt.) McCabe; guards Coach Dowdy ran in some second-string men for experience and to look new material while in actual action. Those were: Tuck Bloodworth, Burns, Evans, McAfee.

Clemency Is Denied
To Convicted Pair

(Associated Press.) LONDON, Jan. 5.—The British home office today declined to grant a reprieve in the case of Mrs. Edith Thompson and Frederick Bywaters, recently convicted and sentenced to death for the murder of Percy Thompson, the woman's husband. Consequently, the two will be hanged next Tuesday.

America Will Not
Call Conference

(Associated Press.) WASHINGTON, Jan. 5.—Advices that the American government, acting on the request of Great Britain, would call an international conference on reparations met with a "positive" and authoritative statement today from officials of the state department.
